WORK EXPERIENCE

Product Manager and Operations Lead **Sep 2025 to Apr 2026**
Kittii, AI-Powered Lost and Found | Alberta, Canada | Part time

- Led discovery for an AI-powered two-sided lost-and-found marketplace across 17 competitors, 6 community-sourced pain points, and a user survey (**79% valued anonymity**); defined requirements and delivered the MVP with a team of eight.
- Mapped and wireframed with a 10-step Seeker flow and a 9-step Sherlock flow, including ownership verification before an item is returned.
- Defined requirements for a multimodal AI matching engine (computer vision and NLP across item descriptions, photos, and geolocation data); worked with a full stack developer to deliver proof of concept.
- Defined monetization streams including micro-commissions, paid urgent postings, QR tagging subscriptions, and enterprise partnership models.

Personal Banker **Oct 2025 to Oct 2026**
BMO | Calgary, AB, Canada

- Managed a portfolio of retail banking clients, identifying financial goals, evaluating credit risk, and delivering tailored lending solutions.
- Identified workflow friction points and operational bottlenecks faced by branch staff, translating these insights into the problem definition and requirements for Lumi Cards.

Financial Advisor **Mar 2022 to Jun 2024**
TD Canada Trust | Georgetown, ON, Canada

- Built a **$2M** investment book, closed close to **$5M** in lending, and contributed to a **$4.8M** increase in assets under management for TD Investments Inc.
- Analyzed client financial profiles, cash flow behavior, and borrowing risks to optimize credit approval workflows and minimize default exposure.
- Optimized customer satisfaction and cross-selling performance, consistently achieving top-tier regional standings through strict adherence to compliance policies.

PASSION PROJECTS AND PORTFOLIO LINKS

Side Quest: Flexible Volunteering Platform View Project

- Developed a volunteering platform designed to fit around academic and professional class schedules, optimizing matching algorithms.
- Defined product requirements, user personas, and core interaction loops to minimize scheduling friction and increase active community engagement.
- Placed in the **top 6** of the HelloPM Buildathon. Piloted live with six users against **37 checked listings across 12 NGOs**.

Lumi Cards: AI RAG Policy Assistant View Project

- Built a Retrieval-Augmented Generation (RAG) prototype acting as a policy assistant for retail branch banking staff; the cost model projects **about $12K in annual saving per branch**.
- Graded **87 of 100** and ranked **4th of 77** PRD submissions in HelloPM Cohort 51.

EDUCATION

Post-Baccalaureate Diploma, Business Administration and Management **Sep 2018 to May 2020**
Cape Breton University, Sydney, Nova Scotia, Canada | Major in Finance and Marketing

Bachelor of Science, Mathematics **Jul 2014 to Nov 2017**
Loyola College, University of Madras, Chennai, Tamil Nadu, India | Minor in Statistics

HelloPM, AI Product Manager Program (Cohort 51), Remote - India **May to Oct 2026**

- Completed 5 hands-on product management capstone projects, scored by cohort against industry standards.

SKILLS AND TOOLS
